Traverse City Arts Commission Public Art Guidelines

Introduction

In 2014, the City of Traverse City embarked on a public art program, and joins cities around the country that have enlivened their appearance and their appeal through the placement of art where the community gathers such as parks, buildings, plazas, pedestrian and vehicular access paths.

Funding

The Public Art Ordinance provides the City Commission shall annually appropriate an amount not to exceed \$45,000 from the general fund to the Public Arts Trust starting in fiscal year 2015/16 to be used in accordance with this Chapter. The Downtown Development Authority shall annually appropriate an amount not to exceed \$25,000 to the Public Arts Trust starting in fiscal year 2015/16 to be used for in accordance with this Chapter within the Downtown District Funds collected in the Public Arts Trust will be expended consistent with Chapter 299 of the City of Traverse City's Codified Ordinances.

Statement of Purpose

The City Commission of Traverse City finds that the presence of public art advances the interests of the City, increases its desirability, aids in the enhancement of property values, promotes economic growth, and contributes to the general welfare of the City's citizens. The City Commission believes that public art should be encouraged and, therefore, establishes the following regulations to direct the inclusion of the works of art in the public spaces of the City.

The public art program enhances life in Traverse City. Art in public places provides opportunity for visual delight; it can stimulate community dialogue by challenging familiar experience. Public art enriches lives as it creates a more cultural urban environment.

Goals of the Public Art Program

The goals of the City of Traverse City's Public Art Program are to:

- promote the visual arts in Traverse City.
- include works of art representing a broad variety of media, styles and community interests.
- provide opportunities for artists of all racial, ethnic and cultural backgrounds, disabilities and other diverse groups.
- enhance the urban environment and public spaces throughout the City.
- pursue opportunities to inform the public regarding public art including public participation in all phases of the public art process.

- document, maintain and conserve works of art in the public art collection.

Traverse City Arts Commission

The Traverse City Arts Commission will develop a Public Art Master Plan and recommend its adoption to the City of Traverse City Planning Commission and then City Commission. The Arts Commission shall regularly assess its consistency with the City Master Plan and Parks and Recreation five-year plan.

The Traverse City Arts Commission is responsible for the administration and overall management of the City of Traverse City's Public Art Program, implementation of the Public Art Master Plan, including budget supervision, securing a site location; releasing a call for proposals or call for artists, identifying and contracting with the artist, supervising fabrication and placement, creating signage, coordinating public art dedication and carrying out an educational program.

Art Selection Panel

The Art Selection Panel (ASP), a five-member panel appointed by the Traverse City Arts Commission, will review proposals and make a recommendation to the Traverse City Arts Commission.

The Art Selection Panel members must:

- be art professionals familiar with the special characteristics of Traverse City;
- have a strong background in the visual arts and have been involved in a public art selection process previously;
- be free of conflict of interest or the potential for financial gain from either the project or the purchase of that specific work of art by the City;
- be willing to sign a conflict of interest statement.

The ASP will have a strong working knowledge of public art, including aesthetic concerns, community involvement, compatibility issues, funding and contracts, documentation, placement, landscaping, cost for maintenance and site concerns. The members may consult with landscape architects or other project design professionals as needed.

The ASP is composed of arts professionals to assure objective judgment based on the critical success and professional accomplishments of the artists under consideration and to find the best possible match between the site, the community and artist.

The Traverse City Arts Commission will solicit proposals for specified projects and the ASP will evaluate the proposals based on the goals of the public art program and make a recommendation to the Traverse City Arts Commission.

In cases where there are multiple stakeholders, the Arts Commission may choose to appoint additional non-voting members representing stakeholders to the ASP.

Donations

Groups or individuals may request that the Traverse City Arts Commission consider the placement of a donated work of art or funds to initiate a new public art project.

The following parameters apply:

Artwork Donations

A potential donor of artwork will submit a written proposal, including an example of the proposed artwork, for initial review to the Traverse City Arts Commission. The donor will present the actual artwork or an image of the artwork for approval.

Following the initial Arts Commission review, the artwork will be reviewed by the ASP, which will evaluate the proposal based on the goals of the public art program and the Public Art Master Plan. The Arts Commission does reserve the right to reject artwork donations.

After evaluating the proposal, the ASP will make its recommendation to the Traverse City Arts Commission.

Gift proposals should include:

1. A site plan that locates the artwork if a specific location is proposed
2. Description of materials included in the artwork
3. Installation details
4. Recommended maintenance plan
5. Source of funding, if any, for installation and maintenance

Monetary Donations

A financial donor may contribute monetary gifts to the Public Arts Trust for use in a future public art project.

If the donor proposes a specific project or commission, a written proposal must be submitted to the Traverse City Arts Commission for review and approval.

Following Traverse City Arts Commission approval, the commission will solicit proposals for the specified project and the ASP will evaluate the proposals based on the goals of the public art program and the Public Art Master Plan and make a recommendation to the Traverse City Arts Commission.

In cases where there are multiple stakeholders, the Arts Commission may choose to appoint additional non-voting members representing stakeholders to the Art Selection Panel.

Public Arts Commission Process

The phases below outline the process for carrying out a commissioned public art project. The Arts Commission will engage the public at various stages of the process.

Phase 1: Assess the Project

At the earliest stage, the Traverse City Arts Commission discusses the feasibility of a proposed public art project. These discussions include, but are not limited to, the following questions:

1. How would the public art project serve the goals of the public art program and Public Art Master Plan and the needs of the community?
 - What art is currently included in the City's program?
 - What themes, materials and style will add to the diversity of public art in Traverse City?
 - Is there an expressed interest of style preference for this site or project?
 - What site would work for this placement?
2. What site is currently available for placement and is a feasible, visible location for public art?
3. Will the community have sufficient access to the art once it is placed and will its placement enhance the public art program as a whole?
4. If a site is first chosen, what medium would be best suited for this space?
5. Is the budget sufficient to pay for this placement or will additional funds be required from another source? If other funds are to be sought, will these funds come from a grant, contribution or by collaboration with a private sector entity such as a developer?
6. What difficulties or resistance are likely to be met?
7. What time lines and other site factors that may affect placement need to be considered?
8. What are the maintenance considerations?
9. Who besides the Traverse City Arts Commission will be actively involved in this project? Will there be architects, landscape architects, engineers, residents, affected property owners (commercial or resident), other City staff or donors involved?
10. What is the proposed budget for the project, including the cost of the public art, installation costs, signage and all other associated costs?
11. What is the timeline for the project?

Once the Traverse City Arts Commission has considered the above, it may choose to formally pursue the project by a majority vote of the commission. If the commission is unable to achieve a majority vote of its members for a project, it may continue with the discussion to resolve issues of concern.

Phase Two: Call for Proposals or Artists

Prior to sending out a Request for Proposal (RFP) or Request for Qualifications (RFQ), the Traverse City Arts Commission will seek authorization from the City Commission for expending funds and for the Arts Commission to enter into an agreement with recommended artists. The Arts Commission will then assess the project, establish selection criteria and meet with stakeholders, if any, to be involved in the vision. The Arts Commission will seek approval of a site plan from the appropriate staff. It is suggested that selection criteria be included in the RFP or RFQ.

The selection criteria could include originality of artwork, credentials of artist(s), relevance of artwork's theme, sustainability and maintenance. Criteria can be changed or modified depending on the needs in the RFP. The creation of selection criteria will set up an agreed upon expectation as to what basis the RFP or RFQ should be judged upon.

Upon agreement, the Traverse City Arts Commission will prepare and send out the RFP or RFQ. This call includes project specifics regarding the location, style or nature of the placement, type and theme of project, maintenance considerations and a budget. It is distributed to artists locally, throughout Michigan and nationally, so that the best possible pool of candidates can be assembled.

Applicants may be asked to provide examples of work (2D or 3D), a resume, a statement of interest in the project, an artist's statement and a budget. Artists are free to include other materials as they wish.

The Traverse City Arts Commission staff liaison catalogs all the artists and/or proposals.

Phase Three: Artist Selection

The ASP is called upon by the Traverse City Arts Commission to review the proposals. The ASP will review the proposals and other artist materials. It may choose to interview artists to gather additional information on the proposals, including revisions to artwork.

After deliberating on the proposals, the ASP will make a recommendation to the Traverse City Arts Commission. The ASP may choose to recommend one artist and/or proposal or a set of finalists. The Arts Commission may recommend that the finalists be displayed to the public for community feedback.

Phase Four: The Artist and the Work of Art

Once the ASP has made its recommendation to the Traverse City Arts Commission, the commission then reviews the recommendation and votes to accept or reject the recommendation. Once the recommendation has been approved by the Traverse City Arts Commission, the artist will be notified that he/she is a finalist in the competition.

The Traverse City Arts Commission may also arrange a site visit for the artist(s) so that she/he may learn about the project in more detail, its location and specific features, budget and any architectural/engineering information that is pertinent. In addition, the Traverse City Arts Commission may choose to have the artist meet with community members, stakeholders and City staff involved in the project.

Phase Five: Public Education/Information

A public art program can only be as successful as its community support. This requires an ongoing educational program that provides ample opportunities for community discussion, analysis and debate about the significant topics involved with public art. It must also provide for the informational needs of the community as a particular project is developed. The educational program is a part of the responsibilities of the commission and should be an ongoing part of the commission's annual activities.

Phase Six: Contracts and Budget

Once an artist is selected and a final budget agreed upon, the Traverse City Arts Commission will enter into a contract with the artist. The dollar amount of the contract is subject to the funds approved by City Commission and allocated to the project and the artists' fees and fabrication costs, as well as other expenses as allowed under the terms of the public art ordinance.

The contract itself is completed under the supervision of the City Manager and the City Attorney. It is a standard contract for services and transfers ownership of the art to the City at the time of installation. The contract should ensure that the art becomes the full property of the City, with no rights remaining with the artist, and should also provide for the removal of the art at such time that this is deemed necessary. The contract may also protect the City from the artists duplicating the exact work for sale to others.

The Traverse City Arts Commission and its staff liaison work together with the artist to bring the project to completion. Commissioners may enhance their understanding of the work as it is fabricated by visiting the artist's studio, exchanging photographs or inviting the artist to a meeting for an update. Other City staff, community members and professionals related to the project also collaborate to complete the project. This process may take a number of months, depending on the complexity of the art, the extent of fabrication, and the time needed to install the art.

Once the art is installed, the City may hold a dedication ceremony to formally introduce the art and the artist to the community. City Commission members, the City Manager and the commission will work together to assure this event is appropriate to the art and the location and that the dedication event will be open to the public. The art and artist will be identified with an appropriate plaque on the site.

Phase Seven: Documentation/Evaluation

The Traverse City Arts Commission will periodically review the Public Art Guidelines and Public Art Master Plan to determine how they can be improved to better meet the community's needs and interests, and the goals of the public art program, especially immediately following a selection.

The Traverse City Arts Commission will be responsible for documenting the City of Traverse City's public art. This will include art placed through the public art program and other art that is either donated to the City for public display or is otherwise owned by the City. This documentation will include a file on each work with basic information including date, acquisition process, artist and photographs. It may also include a public art brochure, video tapes and other records of the City's art works.

Memorandum

The City of Traverse City

TO: Marty Colburn, City Manager

COPY: Katie Zeits, Deputy City Clerk

FROM: Benjamin Marentette, City Clerk

DATE: Wednesday, July 13, 2016

SUBJECT: PUBLIC ARTS ORDINANCE – HOUSEKEEPING CHANGES

As discussed at the June 27 Study Session, attached are proposed amendments to the Public Art ordinance which would provide for the following:

- That the Arts Commission conduct a formal review and update of the Public Art Master Plan every five years to ensure its consistency with the City Master Plan and Parks and Recreation five-year plan. (The ordinance currently provides that the Arts Commission regularly assess Public Art Master Plan to ensure its consistency with these plans; however, this builds in a focused, thorough review every five years.)
- That the Parks and Recreation Commission, Planning Commission and City Commission re-adopt the Public Arts Master Plan every five years. This helps to ensure harmony between the visions and efforts of these boards as it relates to public art.
- When a conceptual public art project is slated for a public park, that the Parks and Recreation Commission review it and provide input to the City Commission prior to the City Commission's consideration of the conceptual project. The Parks and Recreation Commission's input would focus on factors such as planned improvements to the park and the conceptual project's impact; consistency with the five-year Parks and Recreation Plan; and the character of the park. Certainly, other factors could be considered – this would just provide some focus.

As Arts Commission Chairwoman Mary Bevans-Gillett has indicated, beyond the specifics of the ordinance, the Arts Commission will regularly engage stakeholders on public arts endeavors. As always, please feel free to contact me with any questions.

Upon recommendation by the Arts Commission, the Public Art Master Plan shall be re-adopted by the City Planning Commission, Parks and Recreation Commission and City Commission every five years.
- (b) It will be the duty of the Arts Commission to study and recommend a policy and guidelines to carry out the City's public art program and Public Art Master Plan, and any amendment thereto, which will include, but will not be limited to, a method or methods for the selection of artists or works of art and for the placement of Public Art in the City.
- (c) Recommend the purchase of works of Public Art or commission the design, creation, execution, and/or placement of works of Public Art and the payment therefore from the Public Arts Trust pursuant to the following procedure:
- (1) Prior to sending out a Request for Proposal (RFP) or Request for Qualifications (RFQ), the Arts Commission shall present a conceptual project to the City Commission and seek authorization from the City Commission for an authorized budget of funds from the Public Arts Trust and for authorization for the appropriate signatories to enter into an agreement on behalf of the City with an artist to be selected and recommended by the Arts Commission for the specific project under consideration. If the City approves the conceptual project the City Commission shall authorize the necessary individuals to execute documents necessary to carry out the project subject to recommendation of the artist by the Arts Commission. If the proposed location for the conceptual project is within a City park, prior to seeking City Commission approval, the Arts Commission shall seek the input of the Parks and Recreation Commission as to the location of the conceptual project, the input shall be provided to the City Commission for its consideration. The Parks and Recreation Commission should consider factors such as planned improvements to the park and the conceptual project's impact, if any on such improvements; consistency with the five-year Parks and Recreation Plan as appropriate; and the character of the park.
 - (2) The Arts Commission will then assess the project, establish selection criteria and meet with stakeholders, if any, to be involved in the vision.
 - (3) The Arts Commission will seek approval of a site plan from the appropriate staff.
 - (4) The Arts Commission will prepare and send out the RFP or RFQ.
 - (5) The Arts Commission shall evaluate the proposals submitted in response to the RFP/RFQ and select an artist for the project.

- (6) Once an artist is selected and a final budget agreed upon, the City will enter into a contract with the artist. The dollar amount of the contract is subject to the funds approved by City Commission and allocated to the project and the artists' fees and fabrication costs, as well as other expenses as allowed under the terms of this Chapter.
 - (d) The Arts Commission shall be responsible for promoting arts in the community, to include, but not be limited to, dissemination of knowledge with regard to arts, recognizing local artists and their work when appropriate, and cooperation with metropolitan agencies also dealing in the arts.
 - (e) The Arts Commission shall be responsible for reviewing Public Art proposed to be donated to be in compliance with the public art program and Public Art Master Plan. If the Arts Commission determines the proposed Public Art is not in compliance, it shall advise and provide steps to have the proposed donated Public Art comply with the applicable requirements and standards.
 - (f) Recommend that site plans be approved by appropriate department heads.
 - (g) Recommend that any proposed Public Art will be reviewed by the department head responsible for operation or maintenance.
 - (h) Study and recommend rules and regulations consistent with this Chapter to facilitate the implementation of its duties and responsibilities under this Chapter.
 - (i) Advise the City Commission on matters pertaining to the arts programs within the city including review of requests for support, monetary or otherwise, submitted to the City; advise on the priority of such requests for or donations and placement of Public Art.
 - (j) The Arts Commission will have such other duties as designated by the City Commission from time to time.
