FOR IMMEDIATE RELEASE

Contact: Zach Cole, Civil Engineer I, 231-922-4492

100-200 Block of S. Cedar St. Closure

S. Cedar St. will be closed May 10, 2021

TRAVERSE CITY- Motorists and pedestrians should be aware that Elmer's Crane and Dozer, Inc. will be closing the 100-200 Block of S. Cedar St. between W. Front St. and 6th St. for culvert, utility, and street reconstruction work. This work will cause closures and disruptions to vehicular traffic. This closure will take place Monday, May 10th, at 7:00 a.m. and will reopen on approximately November 8th.

The City of Traverse City and the Watershed Center Grand Traverse Bay have recently awarded a project to Elmer's Crane and Dozer Inc. known as the Kids Creek Crossing Project. The project consists of improving 3 road crossings and underground utilities. There are two culvert locations on Cedar Street and one on Sixth Street. This will cause disruptions to vehicle traffic. The work is weather dependent. Appropriate signage will be in place and access to all businesses will be maintained at all times.

Please use alternate routes avoiding this area to reduce congestion, delay, and inconvenience for your travels.

This construction will generate noise and cause inconvenience. We would like to thank you in advance for your patience and cooperation. Please feel free to call Zach Cole at 922-4492 if you have any questions, comments, or concerns about the work or the schedule.

###

The City of Traverse City is located in Grand Traverse County, Michigan. Traverse City was incorporated in 1891 as a Village and in 1895 as a City. It encompasses 8.09 square miles and has a population of 14,674 (2010 Census).
