JOB DESCRIPTION: FIREFIGHTER – NON-EXEMPT

UNIT GROUP: IAFF

REPORTING RELATIONSHIP

Receives general supervision by the Fire Chief, and direct supervision by the assigned Captain and/or Lieutenant.

ESSENTIAL JOB FUNCTIONS:

Under the general supervision of the Fire Chief or his/her designee, the employee is responsible for extinguishing fires, responding to emergency calls and performing emergency medical techniques in order to protect and minimize the loss of life and property. The employee assists in the mitigation of critical incidents, and serves as additional safety measure for events held in the City, such as the National Cherry Festival. Assignments are received and carried out with a degree of independence within the established department guidelines. The work involves an element of personal danger, and the employee uses considerable judgment, initiative and skill in a variety of emergency situations and must be able to act without direct supervision in completing work.

Work also involves continuous training; apparatus, equipment, building and grounds maintenance as scheduled or directed; inspections, public education and related fire protection activities.

The employee shall support and enforce the policies, rules, and regulations of the City of Traverse City and the Traverse City Fire Department. The employee shares responsibility for assigned crew members, department buildings and equipment. The employee will participate in duties on a rotational basis as assigned, ensuring the opportunity to participate in all aspects of fire suppression services activities.

JOB RESPONSIBILITIES: This job description should not be construed as an exhaustive list of duties and responsibilities performed by persons assigned to this classification. It is not intended to limit or in any way modify the right of any supervisor or manager to assign, direct and control the work of employees under his/her supervision. All principal duties and responsibilities of this position are essential functions of the position. Job descriptions are reviewed on a regular basis and may be revised at any time. Revisions will be communicated to employees within the classification. This job description does not constitute a contract of employment.

1. Performs job duties adequately, properly, and in a timely manner; follows personnel and department policies and operating procedures; shows respect, tact, and courtesy in dealings with coworkers and the general public; behaves in a manner that does not obstruct or hinder other employees from completing their duties; acts in a manner that is safe and follows the City's adopted policies and procedures at all times.
2. Interacts with customers and represents the City of Traverse City and the Traverse City Fire Department in positive manner. Provides/participates in fire prevention classes and fire station tours.
3. Has knowledge of and complies with the policies and procedures of the department and of the City of Traverse City.
4. Responds to emergency calls and performs emergency work in both fire and non-fire situations, both while on duty or when called to respond; performs emergency medical techniques at scene and prepares follow-up reports on calls.
5. Maintains personal safety.
6. Performs routine maintenance and cleanliness of stations and grounds; performs a variety of housekeeping and maintenance duties in and around the fire station.
7. Performs periodic apparatus checks and ensures apparatus and equipment are ready for emergency response. Cleans, maintains, and services fire equipment after use as a readiness procedure or on a general maintenance basis.

8. Participates continually in educational programs, training and practice drills; participates in continuing education requirements to maintain required certifications. Participates in scheduled training with other department members on apparatus, equipment, EMS, rescue, fire suppression and related subjects.
9. Report neglect of duty or inefficiency to the Fire Chief.
10. Report disrespectful behavior to the Fire Chief.
11. Ensures that all required or requested reports and records are promptly completed and filed.
12. Obtains information for preparation or prepares periodic summary reports of activities, inspections, training and maintenance for submission to the Fire Chief or designee.
13. Participates in ongoing physical fitness activities.
14. Participates with crew in pre-incident surveys.
15. Attends committee meetings and participates in committee responsibilities as directed.
16. Ensures appropriate paperwork is completed for requests for purchase and/or service orders.
17. Participates in the mitigation of critical situations.
18. Skillfully participates in the driving, use, care and maintenance of apparatus, equipment and property to ensure they are operational and ready for emergencies.
19. Preserves, to the extent possible, the conditions indicating the cause of fire and communicate same to the investigating officer.
20. Participates in annual employee evaluations.
21. As directed, inspects fire stations on a monthly basis.
22. Performs other related duties as assigned.

AGILITY TEST - TRAVERSE CITY FIRE DEPARTMENT

Agility Test Criteria:

The agility test will consist of two sections. The first section shall consist of several events that are to be done continuously. The events will simulate evolutions that may be done at a fire scene. This entire section will be pass/fail with a maximum passing time of eight (8:00) minutes. The second section shall consist of non-timed event to be started within ten (10:00) minutes of completing Section I.

Section I - Continuous events as follows. All events will be done wearing currently approved NFPA safety gear to include: turnout coat, turnout pants, turnout boots, helmet, gloves, (all with liners), and SCBA (45 minute rated bottle) with approximately 4500 PSI in the bottle. The candidate shall breathe from the SCBA for this event. A proctor will follow the candidate through the entire course and time the candidate. Time starts when the candidate successfully picks up the hose in the first event and stops when the candidate has successfully completed all of the following events in numerical order. The candidate has eight (8:00) minutes to complete this portion of the test. The proctor shall notify the candidate of the time elapsed in 2-minute intervals. There is no running allowed between events. Running is only allowed during the hose drag event. On stair and ladder climbs the candidate must hit every step going up and down. He/she may walk quickly but safely. At any time during the test if the proctor thinks you are performing unsafely, the candidate may be disqualified.

2. **Hose drag** - the candidate shall drag on a flat surface 100 feet of charged 1 ½" hose, including a nozzle, a distance of 150 feet to a predetermined line then turn around and drag it back 150 feet to the starting point. The candidate may run during this event.

3. **Ladder Removal, Carry, Raise, Climb** - the candidate shall remove a 16-foot metal roof ladder from hooks positioned approximately 6 feet 6 inches from the floor, carry the ladder approximately 50 feet to a predetermined point on the building, raise the ladder against a building, climb the ladder and touch the top edge of the roof, then climb down to the ground.
4. **Simulated Ventilation/Forcible Entry** - the candidate shall use an 8-pound sledgehammer to hit the end of a railroad tie twenty (20) times. The sledgehammer must be raised to at least shoulder height for each swing. The proctor will count out loud for each successful swing.
5. Return the ladder positioned on the building from Step 2 to its original position on the hooks.
6. **Beam walk** - the candidate, given a beam stabilized on a flat floor and measuring approximately 20 feet long by 3 to 4 inches wide, and given a length of fire hose weighing at least forty (40) pounds, shall walk the length of a beam carrying the hose without falling or stepping off the beam. The hose roll must be placed on the ground past the line at the end of the beam. If the candidate falls off the beam or the hose bundle touches the ground, the candidate must return to the beginning of the beam walk and start this event over.
7. **Window simulation** - the candidate shall climb through a simulated window. The base of the window opening shall be approximately 4 feet 6 inches in height. (Walk to the bottom of the hose tower.)
8. **Hose carry** - from a predetermined position at the bottom of the hose tower stairway, the candidate shall carry the following up 6 flights of stairs (3 stories), 100 feet of 1 ½" hose with nozzle, and 2 ½" adapter, to be placed at a predetermined position at the top of the stairs.
9. **Hose raise** - the candidate shall raise 1 ½" hose roll weighing approximately 20 pounds from the basement floor of the hose tower to the top landing and over the railing. The raise must be completed without letting the working rope touch the railing.
10. The candidate shall carry the 100 feet of 1 ½" hose from event 7 down to its original position at the base of the hose tower.
11. **Simulated Basement Rescue with Dummy** - the candidate shall enter the basement door at the bottom of the hose tower stairs and shall crawl through a darkened room using a left-handed search pattern until a 115-to-125-pound rescue dummy is found by the rear exit door of the basement. The candidate shall then open the outside exit door of the basement and carry or drag the dummy (without the use of the handle on the back) up the outside stairwell (3 flights) and position the dummy on the ground across the finish line. The proctor will stop the time when the dummy and the candidate are completely across the line and the dummy is on the ground.

Section II - Aerial Ladder Climb

Within ten (10) minutes of completing the Section I, the candidate shall continuously climb to the top of a 100-foot aerial ladder and return to the ground. The ladder shall be unsupported, extended to 100 feet, and at an approximate 65-degree angle. This event is not timed and shall be done in a controlled and safe manner. The candidate shall wear all of the equipment that was worn in Section I except the face mask. The candidate will not be breathing from the SCBA bottle for this event. This section is pass/fail.

FIREFIGHTER

CANDIDATE INFORMATION PACKET

INSTRUCTIONS: To be considered further, all Firefighter candidates must complete the Candidate Information Packet.

Applicants are urged to consider carefully and understand fully each question and to print the response in the proper blanks. All information submitted will be subject to verification during a comprehensive public safety background check if you are the candidate selected to fill a vacant budgeted position. A false or misleading response may result in disqualification for employment.

Each applicant appointed to a position with the Fire Department of the City of Traverse City shall meet minimum requirements, including the successful completion of written, strength and agility, physical evaluation, and oral examinations.

A newly appointed employee shall be required to complete a probationary period, during which time such employee may be separated for cause without appeal. This probationary period is considered the last state of the selection process.

According to Law, the City of Traverse City may not discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions or privileges of employment or a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex, height, weight, or marital status unless any such condition is a bona fide occupational qualification reasonably necessary to the normal operation of the business.
