Aeration Basin Cleaning
Wastewater Treatment Plant

Traverse City – Residents and businesses should be aware that the City’s contractor will be conducting annual maintenance at the Wastewater Treatment Plant. The project is anticipated to conclude October 24, 2025.

Maintenance activities include cleaning and inspection of the aeration basins and other routine work essential to the continued safe and efficient operation of the facility. During this period, temporary increases in odor may be noticeable in areas surrounding the Wastewater Treatment Plant.

The City appreciates the community’s understanding and patience while this important maintenance is completed. These efforts are necessary to ensure the long-term reliability and environmental performance of the facility. Please contact the Wastewater Treatment Plant at (231) 922-4922 if you have any questions or concerns regarding the work.
