CONSULTANT QUESTIONS:

Question 1: I'm hoping to clarify a question that was raised during the July 30 meeting regarding the project budget, as I did not see it addressed in the addendum.

The question concerned the total budget for the Brown Bridge Quiet Area Expansion Spring Lake Trailhead Design and Construction project. I recall the response being that the project budget must not exceed \$350,000; however, that information does not appear in the addendum.

Could you please confirm whether \$350,000 is the maximum allowable project budget described in the RFP and addendum, and whether that amount includes contingencies?

Answer 1: The total budgeted amount for this project is \$350,000. That includes all design and construction costs including contingencies.

All other conditions of this Invitation for Proposals remain the same.
