Internal Planning Guide: Inaugural Clean Energy Fair

Traverse City Light & Power | 130 Hall Street Customer Service Center

Document purpose: This internal guide is intended to support early planning, cross-department coordination, partner outreach, and decision-making for TCLP's inaugural Clean Energy Fair. It should be treated as a working document and updated as the event date, budget, staffing model, site layout, and partner commitments are confirmed.

1. Event Overview

The Clean Energy Fair is intended to be an accessible, hands-on community event that helps residential customers, renters, businesses, students, and local partners understand practical pathways to cleaner and more efficient energy use. Hosted at TCLP's 130 Hall Street Customer Service Center, the event should highlight TCLP programs, local clean energy partners, electric transportation, energy efficiency resources, and the Hall Street clean energy demonstration assets as a visible example of how community-scale infrastructure can support the future of energy.

2. Goals and Objectives

- **Goal 1: Increase clean energy awareness and understanding.** Help attendees better understand TCLP clean energy programs, energy efficiency opportunities, electrification options, EV charging resources, and the Hall Street solar and battery storage demonstration.
- **Goal 2: Connect customers with practical next steps.** Provide clear, actionable information residents, renters, businesses, and key accounts can use to reduce energy costs, improve comfort, support sustainability goals, and identify available incentives or support programs.
- **Goal 3: Strengthen community partnerships.** Showcase local and regional partners working in clean energy, energy efficiency, transportation electrification, affordability, education, and sustainability while creating opportunities for future collaboration.
- **Goal 4: Deliver an accessible and engaging community experience.** Create a welcoming, family-friendly event format that encourages hands-on learning, meaningful conversations, and positive interaction with TCLP staff and partners.
- **Goal 5: Establish a repeatable model for future outreach.** Collect attendance data, participant feedback, partner input, staff observations, and lessons learned to determine whether the Clean Energy Fair should become an annual or recurring community engagement event.

Planning objectives: For the inaugural event, the planning team should define measurable targets before promotion begins, including a target attendance range, desired number of exhibitors, expected customer program leads, feedback response goal, and post-event reporting timeline. These objectives should be reviewed after the event to determine what worked, what should be improved, and whether the event met its intended community education and engagement purpose.

18. Event Day Schedule

Draft event-day schedule: Use this schedule as a working run-of-show for the preferred Friday evening event window. Times will be adjust if the alternative date is needed.

Time	Activity	Lead / Notes
2:00–3:00 p.m.	Internal setup begins	Site and Logistics Lead confirms tables, signage, cones, power access, EV display areas, and accessible routes.
4:00–5:00 p.m.	Exhibitor arrival and booth setup	Exhibitor Coordinator checks in partners, confirms booth locations, reviews expectations, and resolves last-minute needs.
4:30–4:45 p.m.	Staff and volunteer briefing	Event Lead reviews schedule, assignments, radio or phone contacts, emergency procedures, talking points, and attendee flow.
4:45–5:00 p.m.	Final walkthrough and soft opening readiness check	Confirm check-in table, maps, passport cards, feedback forms, signage, safety items, demonstration areas, and ribbon cutting location.
5:00 p.m.	Event opens to the public	Welcome team greets attendees, provides event map, explains passport activity, and directs visitors to zones.
5:15–5:30 p.m.	Opening welcome remarks	TCLP leadership welcomes attendees, thanks partners, and introduces the purpose of the Clean Energy Fair.
5:30–8:00 p.m.	Open house, booths, demonstrations, and guided tours	Tours depart approximately every 45 minutes. Staff monitor attendee flow, collect program leads, and support partner booths.
6:15–6:45 p.m.	Welcome Remarks, Ribbon Cutting	Recognize the Hall Street solar and battery storage demonstration. Communications Lead coordinates photo and media needs.
7:30–7:45 p.m.	Passport activity deadline and E-bike giveaway drawing	Welcome team collects completed passport cards. Event Lead or designee facilitates drawing and announcement.
7:45–8:00 p.m.	Final engagement and event close	Staff encourages feedback form completion from vendors, thanks vendors, and begins closing preparation.
8:00–9:00 p.m.	Teardown and site reset	Logistics team removes signage, collects supplies, supports exhibitor departure, restores site conditions, and notes follow-up issues.
