**Union and Eleventh Intersection Closure Extends**

Traverse City – Motorists, bicyclists, and pedestrians should be aware that the City of Traverse City’s contractor continues to conduct watermain work at Union Street for the Eleventh Street reconstruction project. Watermain work is now anticipated to be completed at the Union Street location by Friday, August 22, 2025, weather permitting.

During work, the roadway and sidewalks at the Union and Eleventh Streets intersection will be closed. All traffic will be detoured to Cass Street, with the intersection at Eleventh Street open. Access to driveways and nearby side streets will be maintained as much as possible; however, some temporary restrictions may be necessary during specific construction activities. Proper barricades and signage will be in place to ensure safety and provide clear directions.

In early September, the Union and Cass Street intersections at Eleventh Street will be closed at various times to complete work activities that include gravel, curb, sidewalk, paving, paint, and restoration. The project is anticipated to be completed September 12, 2025, weather permitting.

This construction will generate dust, noise and cause inconvenience. We would like to thank you in advance for your patience and cooperation. Please feel free to call Zach Cole at (231) 922-4492 if you have any questions, comments or concerns about the work or the schedule.

The Eleventh Street Project is part of the 2025 Reconstruction Project. Learn more, <https://www.traversecitymi.gov/projects/2025-2026-pavement-preservation-and-reconstruction-project.html>
