

**CITY OF TRAVERSE CITY, MICHIGAN  
REQUEST FOR PROPOSALS  
for  
Preliminary Design for Brownfield Watermain and  
Street Reconstruction Project**

**ESTIMATED SCHEDULE:**

RFP Release Date:	March 23, 2026
RFP Questions Due:	April 6, 2026, 4:00pm
RFP Answers Due:	April 10, 2026
<b>Submittal Due Date:</b>	<b>April 24, 5:00 pm</b>
Email Address:	<a href="mailto:tmanage@traversecitymi.gov">tmanage@traversecitymi.gov</a>

**BACKGROUND:**

The City of Traverse City is inviting qualified consultants to submit proposals for the preliminary design of utility replacements and street reconstruction on portions of Boardman Ave., Washington St., Cass St., State St., and a public alleyway (approximately 4,000 LF). See **Attachment A** for the project area map, which also illustrates the water main and sanitary sewer mains that will be replaced with this project.

Services are to include but are not limited to: topographic surveying including existing utilities, environmental investigations and reports, public engagement, conceptual alternatives analysis, preliminary design and construction cost estimates. Geotechnical investigation will be provided by others.

Historical Traffic volumes for the project area are included in **Attachment B**.

Replacement of the existing 6” water main with a 12” water main in the project area was recommended in the [City of Traverse City Water Reliability Study, HRC, February 2021](#). See *Table 8-1: Recommended Water System Capital Improvements*, item D11 and *Figure F-1, Recommended Improvements*.

A portion of this project will be funded by the Grand Traverse County Brownfield Redevelopment Authority. The water main replacement is included in the [Park Place Redevelopment Area Brownfield Plan, March 6, 2017](#). Street reconstruction and other utility work will be funded through local funds.

The project will also include design of a mid-block crossing on State Street between Park St. and Boardman Ave. which will also be funded by the Brownfield Authority. The City has prepared a concept-level design for the crossing and will provide the CAD drawings to the consultant to incorporate into the preliminary design plans.

The portions of the street reconstruction on Boardman Ave., State St. and Cass St. within the project limits are designated as part of the Proposed Vision Bike Network on the [City of Traverse City Mobility Action Plan, 2024](#). Bicycle facilities will be considered as part of the design, as well as pedestrian safety improvements and traffic calming.

Meetings with the City's Complete Streets Advisory Committee are included in the scope of work, as well as public meetings and public outreach to gather input on the multimodal aspect of the project.

Meetings and coordination with the Bay Area Transportation Authority (BATA) will also be required to ensure the design incorporates bus stops and operations.

### **Stormwater Quality**

Water quality protection and watershed stewardship are key objectives of this project and should be incorporated into the proposed design. The selected consultant will evaluate opportunities to improve water quality through best management practices, including stormwater treatment and green infrastructure where feasible as guided by environmental contamination investigations. Design solutions should minimize the discharge of sediments, nutrients, and other pollutants to receiving waters and support the long-term health of the watershed.

The project will need to be designed in accordance with the City's Stormwater Ordinance [Chapter 1068 - Ground-Water Protection and Storm-Water Runoff Control](#) .

Additionally, the consulting team should incorporate water quality features, where possible, as recommended by the [TIF97 Stormwater Management Plan](#). Potential water quality features may include manufactured treatment devices, leaching catch basins, dry wells, and/or bioswales (in areas where soil/groundwater contamination does not exist).

### **Public Engagement**

A robust public outreach process is a critical component of this project. The City seeks to ensure that residents, businesses, stakeholders, and partner agencies have meaningful opportunities to understand the project, provide input, and remain informed throughout the planning process. The outreach effort should promote transparency, encourage constructive

dialogue, and help the project team identify community priorities and concerns early in the process.

The selected consultant should develop and implement a comprehensive public engagement strategy that reaches a broad cross-section of the community. The strategy should utilize a variety of communication tools and engagement methods to maximize participation and accessibility. Outreach efforts should be designed to clearly communicate project goals, explain technical information in an understandable manner, and gather feedback that can be incorporated into project recommendations.

At a minimum, the consultant team should anticipate leading the effort for the following outreach activities:

- Development of a Public Engagement Plan outlining engagement goals, key audiences, outreach methods, and schedule
- Preparation of clear and accessible informational materials, including graphics, presentations, and summary documents
- Facilitation of public meetings, workshops, and/or open houses
- Coordination with key stakeholder groups, community organizations, and partner agencies
- Development of online engagement tools such as surveys, project webpages, or interactive feedback platforms
- Documentation and summary of public input, including how feedback informed project decisions

Consultants are encouraged to propose innovative engagement techniques that broaden participation and ensure that community input meaningfully informs the project outcomes.

## **GENERAL PROJECT SCOPE:**

The scope of work will generally include the following tasks:

### **1. Data Collection**

- Topographic Survey
  - Verify existing Topographic Survey by others (**Attachment C**) including underground utility locates and ROW mapping. Survey will be provided in AutoCAD format.
  - Collect supplemental additional survey not included in Attachment C
    - Boardman Ave. between State St. and Front St.
    - Public Alley west of Cass St. as needed for utility locations
    - Cass St. from the Public Alley north to State St.

- Phase I and II environmental investigations and preparation of an Environmental Construction Management and Section 20107(a) Compliance Analysis (due care plan)
  - Plan should include, but not be limited to handling contaminated soils and/or groundwater for street and utility construction. Disposal of excess or unsuitable contaminated soil. Feasibility and appropriateness of stormwater infiltration green infrastructure (rain gardens, leaching basins, dry wells, etc.). Treatment of contaminated ground water for dewatering if needed.

## **2. Public Engagement**

- Consultant to propose public outreach strategy in their proposal
- Public Meetings – assume a minimum of 3 Public meetings, and additional stakeholder/community organization meetings as needed

## **3. Meetings (with estimated number)**

- Kickoff Meeting (1, in person)
- Progress Meetings (15, virtual)
- Complete Streets Advisory Committee Meetings (3, in person)
- City Commission Meetings (Mondays at 7pm) (2, in person)
- Brownfield Redevelopment Authority Meetings (2, in person)
- Public Engagement Meetings (see #2 above)

## **4. Design**

- Conceptual Design Alternatives – prepare up to 3 design alternatives for presentation at public meetings and to the City Commission for consideration
  - Conceptual Designs should be shown as illustrated renderings for ease of understanding by the general public
  - Construction Cost Estimates for each alternative, separated into categories (water main, sanitary sewer, street improvements)
  - Provide Autodesk CAD drawings in .dwg format to City for preparation of EGLE permit drawing
- Preliminary Design of the selected alternative in accordance with City standards, specifications, and details as applicable:
  - Planimetric Street and Utility Layout
  - Typical Sections
  - HMA pavement designs based on current and projected ADT and truck traffic
  - Water quality treatment type and locations
  - Signage and pavement marking plans
  - Pedestrian lighting plan
  - Coordination with Traverse City Light and Power for any improvements to the electrical facilities in the project area
  - Construction cost estimates
  - Prepared according to engineering drafting standards using the current version of AutoCAD. Final CAD files to be provided to the City.

- Design shall meet City standards and specifications.
- Final Design services may be negotiated at a later date with the selected consultant, or procured under a separate RFP in the future.

### **Schedule**

The City would ideally like to complete the project in two phases, with the first phase of construction taking place in the summer of 2028. However, we understand that the design and public process may be lengthy so the first phase of construction may not be possible until 2029. We are requesting proposers to include a schedule for each of the tasks listed above and an estimate of when construction may occur.

### **SUBMISSION OF PROPOSALS:**

Interested firms must submit a proposal that is received electronically no later than **5:00 PM local time on Friday, April 24, 2026** to:

[tcmanage@traversecitymi.gov](mailto:tcmanage@traversecitymi.gov)

Hard copy proposals will not be accepted. Please indicate in the subject line of your e-mail the project description, **“Proposal for Preliminary Design for Brownfield Watermain and Street Reconstruction Project”**.

Please submit one pdf file of your proposal. Proposals are limited to 20 – 8.5”x11” pages (minimum 11-point font) including appendices. 11”x17” sheets count as two pages.

Please include:

1. Cover letter including firm name, any subconsultants, and introduction stating interest in the contract. Please acknowledge receipt of any addendums posted relative to this RFP.
2. Firm’s qualifications relative to the requested services and qualifications of staff to be assigned to this project. Describe where personnel will be physically located while they are engaged in work for the City. Include a statement of work breakdown by lead firm and subconsultants (if any), and availability of staff.
3. Examples of experience with similar projects. Include at least five past projects, completed in the past five years that show the firm’s relevant experience and how critical issues were addressed. Include references for each project.
4. Firm’s approach to the project including identification of critical issues, and proposed project schedule to complete preliminary design.

5. Public outreach and participation plan – please include the firm’s plan for public outreach, meetings, surveys, etc.
6. Cost breakdown by task with position titles and hourly rates, along with direct cost reimbursable rates such as mileage and printing.

**EVALUATION OF PROPOSALS:**

All proposals received shall be subject to evaluation by the City of Traverse City. This evaluation will be conducted in the manner appropriate, as may be deemed by the City, for the selection of a firm for the purpose of entering into a contract to perform these services. Price alone shall not be the basis for the award of this work, but shall be only one of the components considered.

A scoring matrix with the available points for scoring is shown below:

<b>Description</b>	<b>Points</b>
Firm and Staff Qualifications	25
Past Project Experience	20
Project Approach and Understanding	20
Public Outreach and Participation Plan	20
Cost	15
<b><i>Total Possible Points</i></b>	<b><i>100</i></b>

**INSURANCE:**

The Firm is required to provide and maintain at all times during this project the following insurance. Certified copies, setting forth the limits and coverage, shall be furnished to the City Clerk before commencing with any work. The policy shall contain endorsements stating that a 10 (ten)-day notice will be given to the City Clerk for the City of Traverse City prior to termination or any change in the policy and shall describe the project and provide coverage for the following terms:

- A. Comprehensive General Liability Insurance with limits of liability not less than \$1,000,000 (one million) per occurrence and/or aggregate combined single limit with the City listed as an additional insured. The Firm shall provide an endorsement to their comprehensive general liability policy naming the City of Traverse City as additional insured. Professional liability insurance coverage in the amount of \$1,000,000 (one million) minimum.
- B. Motor Vehicle Liability Insurance, including applicable no-fault coverage, combined single limit bodily injury and property damage shall be maintained during the life of the contract. Coverage shall include all owned vehicles, all non-owned vehicles, and all hired vehicles.
- C. Workers Compensation Insurance, including Employers' Liability Coverage in accordance with all applicable statutes of the State of Michigan.
- D. If any of the insurance is canceled, the Firm shall cease operations, and shall not resume until new insurance is obtained.

## **SUPPLEMENTAL INFORMATION AND REQUIREMENTS:**

The City of Traverse City reserves the right to waive any informality or defect in any proposal, to accept any proposal or parts thereof or to reject any or all proposals, should it deem it to be in the best interest of the City of Traverse City to do so. The City reserves the right to revise the contents of the proposal and to negotiate all aspects of this proposal and any future agreement with the successful firm of the City's choice. The City further accepts no responsibility for expenses which may be incurred in the preparation of such proposals. The selected firm shall be expected to comply with all applicable State and Federal laws in the performance of services. Submittals to the City are considered public information. The City has the right to disclose information contained in the submittals. The City further reserves the right to photocopy, circulate or otherwise distribute any material submitted in response to the Request for Proposal (RFP).

Specifications and pay items will follow the 2020 Michigan Department of Transportation (MDOT) Standard Specifications for Construction and be supplemented with Special Provisions to accommodate work that is not covered by the standard specifications. Special provisions that are unique to the project will be authored by the selected consultant for review and approval by the City Engineer during the design review process.

The selection of the successful firm shall be made without regard to race, color, sex, age, religion, sexual preferences, handicap, political affiliation, veteran status, or national origin. The City is an Equal Opportunity Employer. The selected Firm will be required to enter into a Consultant Agreement for this project. A sample agreement is **Attachment (D)**.

Any questions regarding this request for proposal shall be submitted in writing to [tcmanage@traversecitymi.gov](mailto:tcmanage@traversecitymi.gov) by the date listed on page 1 of this RFP.

## PROPOSAL SHEET

### **TITLE: Preliminary Design for Brownfield Watermain and Street Reconstruction Project**

Having carefully examined the attached RFP, addenda, and any other applicable information, the undersigned proposes to furnish all items necessary for and reasonably incidental to the proper completion of this proposal.

The undersigned understands and agrees that they must be licensed to do business as Professional Engineers in the State of Michigan.

The undersigned submits this proposal and agrees to meet or exceed all requirements and specifications listed on the RFP, unless otherwise indicated in writing and attached hereto.

The undersigned certifies, as of the date of this proposal, not to be in arrears to the City of Traverse City for debt or contract or is in any way a defaulter as provided for in Section 152, Chapter XVI of the Charter of the City of Traverse City.

The undersigned understands and agrees, if selected to be awarded this work, to enter into the City's standard Consultant agreement with the City to supply this work.

The undersigned understands that the City reserves the right to accept any or all proposals in whole or in part and to waive irregularities in any proposal in the interest of the City. The Proposal will be evaluated and awarded on the basis of best value to the City. Criteria used, but not limited to, will include price, qualifications and overall capability to meet the needs of the City.

The undersigned understands, agrees and acknowledges all addenda issued for this RFP as posted on the City's Website.

The undersigned agrees that the proposal may not be withdrawn for a period of 60 days from the actual date of the opening of proposals.

NOTE:  
UTILITY LOCATIONS WERE DERIVED BY FIELD OBSERVATION  
AND BY CITY OF TRAVERSE CITY GIS DRAWINGS. ALL  
UTILITIES SHOULD BE FIELD VERIFIED PRIOR TO  
CONSTRUCTION.

THE LOCATION OF THE EXISTING UTILITIES, AS SHOWN ON THIS PLAN, ARE APPROXIMATE ONLY. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO VERIFY ACTUAL LOCATION AND DEPTH OF ALL EXISTING UTILITIES. THE OWNER AND THE SURVEYOR SHALL NOT BE RESPONSIBLE FOR ANY OMISSION OR IMPAIRMENT FROM THE LOCATION SHOWN. THE CONTRACTOR SHALL NOTIFY "811" AT 1 (800) 482-7171 OR 811 THREE (3) WORKING DAYS PRIOR TO THE START OF CONSTRUCTION.

**SAMPLE AGREEMENT**

CITY OF TRAVERSE CITY  
CONSULTANT AGREEMENT

THIS AGREEMENT made this \_\_\_\_\_ day of \_\_\_\_\_, 2026, by and between the CITY OF TRAVERSE CITY, a Michigan municipal corporation, of 400 Boardman, Traverse City, Michigan, 49684, (the "City"), and \_\_\_\_\_, a (sole proprietorship/partnership/corporation) of \_\_\_\_\_, (if a corporation, state of incorporation) (the "Consultant");

WHEREAS, the City desires to engage the services of the Consultant to furnish technical and professional assistance concerning the project which is described as:

[BRIEF DESCRIPTION OF PROJECT]

and the Consultant wishes to furnish such technical and professional service to the City and has represented that the Consultant has the education, expertise, capability and the necessary licenses to perform such services;

THEREFORE, the parties mutually agree as follows:

1. Agreement Documents. The following shall be deemed to be a part of this Agreement and incorporated herein.
  - A. Notice
  - B. Request for Proposals/Bids
  - C. Consultant's Proposal/Bid
  - D. Schedule of Payments
  - E. Timetable for Activities
2. Scope of Services. The Consultant shall provide services in accordance with and as set forth in the Agreement documents.
3. Compensation and Method of Payment. The City shall pay to the Consultant and the Consultant agrees to accept as full compensation for services under this Agreement the total sum of \$ \_\_\_\_\_ in accordance with the Schedule of Payments.
4. Period of Performance. The services to be rendered under this Agreement shall commence within \_\_\_\_\_ working days of execution hereof. Performance shall be in accordance with the Timetable for Activities.
5. Independent Contractor. The relationship of the Consultant to the City is that of an independent contractor and in accordance therewith, the Consultant covenants and agrees to conduct itself consistent with such status and that neither it nor its employees, officers or agents will claim to be an officer, employee or agent of the City or make any claim, demand or

application to or for any rights or privileges applicable to any officer or employee of same, including but not limited to worker's compensation coverage, unemployment insurance benefits, social security coverage, or retirement membership or credit. The parties do not intend the services provided by the Consultant to be a joint venture.

6. The Consultant's Responsibility. The Consultant shall perform the work in a good and workmanlike manner and assumes the risk in performing under this Agreement. The Consultant shall be solely responsible and answerable in damages for all improper work, accidents or injuries to person or property.

7. Recovery of Money. Whenever, under this Agreement, any sum of money shall be recoverable from or payable by the Consultant to the City, the same amount may be deducted from any sum due to the Consultant under this Agreement or under any other contract between the Consultant and the City. The rights of the City are in addition and without prejudice to any other right the City may have to claim the amount of any loss or damage suffered by the City on account of the acts or omissions of the Consultant.

8. Disclosure by City Commissioner. Pursuant to 1968 Public Act 317, a City Commissioner with a pecuniary interest in a business submitting a bid for which the City may enter into a contract or issue a service/purchase order is required to publicly disclose their pecuniary interest prior to awarding the contract or issuing the service/purchase order. A form is provided and should be included with the bid.

9. Indemnity. The Consultant shall indemnify and save harmless the City, its officers, agents and employees from and against any and all claims, liabilities, losses, damages, actual attorney fees and settlement expenses arising from bodily injury or death of any persons and damage or loss of any property resulting or arising out of or in connection with the willful or negligent acts, omissions, or errors of the Consultant or its employees, agents, servants and subcontractors. Losses include damages the City may sustain as a result of the failure of the Consultant to comply with the provisions of this Agreement. The Consultant shall not be obligated to indemnify the City for the City's own negligence. This indemnification provision shall not be limited by reason of insurance coverage of any type. This provision is not intended to waive the defense of governmental immunity that may be asserted by the City in an action against them.

The City hereby reserves the right to select its own counsel, in defense of any matter arising hereunder, and no payment or acknowledgment of liability, loss, fine, penalty or charge shall be made against the City without its express written consent. This indemnity shall survive the expiration and termination of this Agreement. However, this survival shall be no longer than the expiration of the applicable statute of limitation.

The Consultant expressly acknowledges and agrees that this indemnification provision is intended to be as broad and inclusive as is permitted by law and that if any portion thereof is held invalid, it is agreed that the balance shall, notwithstanding, continue in full legal force and effect. This provision shall survive the termination of this Agreement.

**USED WHEN CITY IS NAMED AS ADDITIONAL INSURED:**

10. Insurance. The Consultant agrees not to change and agrees to maintain the following insurance throughout the period of performance of this Agreement. The Consultant will upon execution of this Agreement provide a certificate of insurance to the City Clerk. The policy shall contain endorsements stating that at least a 10-day notice will be given to the City prior to termination or any change in the policy; and in the case where Consultant is required to name the City as additional insured, shall provide an endorsement stating that the City has been named as an additional insured onto such policy for all claims arising out of the Consultant's work. Should any required insurance be cancelled, materially reduced or expired, all activities under this Agreement shall immediately cease until substitute insurance in compliance with all requirements hereof has been procured and evidence thereof presented to the City. Upon request by the City Clerk, Consultant shall provide a full copy of any insurance policy for insurance coverage required under this agreement within ten (10) days of request. This time frame may be extended by the City Clerk in cases where the policy has not been issued.

**USED WHEN CITY IS NOT NAMED AS ADDITIONAL INSURED:**

10. Insurance. The Consultant agrees not to change and agrees to maintain the following insurance throughout the period of performance of this Agreement. The Consultant will upon execution of this Agreement provide a certificate of insurance to the City Clerk. The policy shall contain endorsements stating that at least a 10-day notice will be given to the City prior to termination or any change in the policy. Should any required insurance be cancelled, materially reduced or expired, all activities under this Agreement shall immediately cease until substitute insurance in compliance with all requirements hereof has been procured and evidence thereof presented to the City. Upon request by the City Clerk, Consultant shall provide a full copy of any insurance policy for insurance coverage required under this agreement within ten (10) days of request. This time frame may be extended by the City Clerk in cases where the policy has not been issued.

- A. Commercial General Liability. The Consultant shall acquire and maintain commercial general liability insurance coverage in the amount of \$1,000,000 per occurrence with the City being named as additional insured for all claims arising out of the Consultant's work, including completed operations coverage (if required in the Request for Proposals/Bids). For contracts in excess of TWO HUNDRED FIFTY THOUSAND DOLLARS (\$250,000), the Consultant shall provide ISO general aggregate endorsement CG 25 03 which provides a project specific aggregate of \$2 million for general liability.

B. Professional Liability. The Consultant shall also acquire and maintain professional liability insurance coverage in the amount of \$1,000,000 minimum per occurrence or, if per occurrence is unavailable to the Consultant, on a claims made basis with a three (3) year reporting period; or in the alternative, the Consultant must continuously maintain the required Professional Liability coverage on a claims made basis for the duration of the project plus three years after project completion. If the Consultant's Professional Liability policy is canceled or not renewed and replacement coverage without an equivalent retro date is not procured, then the Consultant must purchase a three-year Extended Reporting Period at the Consultant's expense (if required in the Request for Proposals/Bids).

C. Workers Compensation. The parties shall maintain suitable workers compensation insurance pursuant to Michigan law and the Consultant shall provide a certificate of insurance or copy of state approval for self insurance to the City Clerk upon execution of this Agreement.

11. Compliance with Regulations. The Consultant shall comply with all applicable statutes, rules and regulations of all federal, state and local governments and agencies having jurisdiction, and bears the risk of any such authorities or changes thereto.

12. Standard of Conduct. The Consultant shall render all services under this Agreement according to generally accepted professional practices for the intended use of the work or project.

13. The City's Obligation. The City shall provide the Consultant with all information currently available to the City upon request of the Consultant. The City Manager shall designate a City employee to be the City's representative for purposes of this Agreement.

14. Non-Discrimination. The parties agree not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions or privileges of employment, or a matter directly or indirectly related to employment because of their actual or perceived race, color, religion, national origin, sex, age, height, weight, marital status, physical or mental disability, family status, sexual orientation, or gender identity. Breach of this covenant may be regarded as a material breach of this Agreement.

15. Prohibition Against Assignment. This Agreement is intended to secure the service of the Consultant because of its ability and reputation and none of the Consultant's duties under this Agreement shall be assigned, subcontracted, or transferred without the prior written consent of the City Manager. Any assignment, subcontract or transfer of the Consultant's duties under this Agreement must be in writing.

16. Third Party Participation. The Consultant agrees that despite any subcontract entered into by the Consultant for execution of activities or provision of services related to the completion of this project, the Consultant shall be solely responsible for carrying out the project pursuant to this Agreement. The Consultant shall specify in any such subcontract that the subcontractor shall be bound by this Agreement and any other requirements applicable to the Consultant in the conduct of the project unless the City Manager and the Consultant agree to modification in a particular case. The Consultant shall not subcontract unless agreed upon in writing by the City.

17. Third Party Beneficiaries. This Agreement confers no rights or remedies on any third party, other than the parties to this Agreement and their respective successors and permitted assigns.

18. Interest of the Consultant. The Consultant represents that its officers and employees have no interest and covenant that they will not acquire any interest direct or indirect, which would conflict in any manner or degree with the performance of the Consultant's services and duties hereunder. The Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed. The Consultant further covenants that neither it nor any of its principals are in default to the City.

19. Covenant Against Contingent Fees. The Consultant warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. For breach of violation of this warranty, the City shall have the right to annul this Agreement without liability, or in its discretion, to deduct from this Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

20. Qualifications of the Consultant. The Consultant specifically represents and agrees that its officers, employees, agents and contractors have and shall possess the experience, knowledge, and competence necessary to qualify them individually for the particular duties they perform hereunder.

21. Notice. Whenever it is provided in this Agreement that a notice or other communication is to be given or directed to either party, the same shall be given or directed to the respective party at its address as specified in this Agreement, or at such other address as either party may, from time to time, designate by written notice to the other.

22. Amendments. This Agreement may be modified from time to time, but such modifications shall be in writing and signed by both parties.

23. Termination.

A. For Fault. If the City Manager determines that the Consultant has failed to perform or will fail to perform all or any part of the services, obligations, or duties required by this Agreement, the City Manager may terminate or suspend this Agreement in whole or in part upon written notice to the Consultant specifying the portions of this Agreement and in the case of suspension shall specify a reasonable period not more than thirty (30) days nor less than fifteen (15) days from receipt of the notice, during which time the Consultant shall correct the violations referred to in the notice. If the Consultant does not correct the violations during the period provided for in the notice, this Agreement shall be terminated upon expiration of such time. Upon termination, any payment due the Consultant at time of termination may be adjusted to cover any additional costs occasioned the City by reason of the termination. This provision for termination shall not limit or modify any other right to the City to proceed against the Consultant at law or under the terms of this Agreement.

B. Not for Fault. Whenever the City Manager determines that termination of this Agreement in whole or in part is in the best interest of the City or in the event that termination is required by any state or federal agency, the City Manager may terminate this Agreement by written notice to the Consultant specifying the services terminated and the effective date of such termination. Upon termination, the Consultant shall be entitled to and the City shall pay the costs actually incurred in compliance with this Agreement until the date of such termination.

24. Force Majeure. If because of force majeure, either party is unable to carry out any of its obligations under this Agreement (other than obligations of such party to pay or expend money for or in connection with the performance of this Agreement), and if such party promptly gives to the other party concerned written notice of such force majeure, then the obligations of the party giving such notice will be suspended to the extent made necessary by such force majeure and during its continuance, provided the effect of such force majeure is eliminated insofar as possible with all reasonable dispatch. "Force Majeure" means unforeseeable events beyond a party's reasonable control and without such party's fault or negligence, including, but not limited to, acts of God, acts of public enemy, acts of the federal government, acts of another party to this Agreement, fire, flood, inclement weather, epidemic, quarantine restrictions, strikes and embargoes, labor disturbances, the unavailability of raw materials, legislation, charter amendments or referendum, orders or acts of civil or military authority, injunctions, or other causes of a similar nature which wholly or substantially prevent performance. If the suspension of work lasts for more than 30 days, the City may terminate this Agreement.

25. Delay. If the Consultant is delayed in the completion of the work due to force majeure or otherwise, the time for completion may be extended for a period determined by the City in its sole discretion to be equivalent to the time of such delay. The City may terminate this Agreement if the delay lasts for more than 30 days. Upon termination by the City, the Consultant shall be entitled to the costs actually incurred in compliance with this Agreement less any costs incurred by the City as a result of the delay until the date of such termination, but not more than the maximum Agreement amount.

26. Interpretation. This Agreement shall be governed by the laws of the State of Michigan, both as to interpretation and performance. This Agreement was drafted at the joint direction of the parties. The pronouns and relative words used herein are written in the neuter and singular. However, if more than one person or entity joins in this Agreement on behalf of the Consultant, or if a person of masculine or feminine gender joins in this Agreement on behalf of the Consultant, such words shall be interpreted to be in the plural, masculine or feminine as the sense requires. In the event that any term, clause or provision of this Agreement conflicts with any term, clause, or provision contained in any attachments to this Agreement, this Agreement's terms shall prevail.

27. Venue. Any and all suits for any and every breach of this Agreement may be instituted and maintained in any court of competent jurisdiction in the County of Grand Traverse, State of Michigan.

28. Dispute Resolution. If any party has a dispute with another regarding the meaning, operation, or enforcement of any provision of this Agreement, the disputing parties agree to meet and confer to negotiate a resolution of the dispute. They further agree as follows:

A. Mediation. If they are unable to resolve the dispute themselves and before formally instituting any other dispute mechanism, they shall utilize the services of a mutually acceptable neutral mediator, who meets the qualifications of MCR 2.411, to bring them together in at least one mediation session.

B. Arbitration. If they are unable to resolve the dispute through mediation, it shall be decided by final and binding arbitration according to the rules and procedures of Michigan's Uniform Arbitration Act being PA 371 of 2012, MCL 691.1681 et seq or as otherwise agreed to by the parties. The parties shall mutually agree to the selection of an arbitrator and if they are unable to agree, the arbitrator shall be appointed by the chief judge of the 13<sup>th</sup> Circuit Court. Judgment upon the arbitrator's award may be entered in Grand Traverse County Circuit Court.

C. Venue. All meetings, hearings and actions to resolve the dispute shall be in Grand Traverse County.

D. Notice. Written notice of a claim shall be given to the other party not later than

90 days after the occurrence giving rise to the dispute becomes known or should have become known. Negotiations and mediation shall occur within 60 days after such notice. Unless a longer time is agreed upon, arbitration must be demanded within 120 days after such notice and, if not, the claim is deemed waived. Arbitration must be demanded within this time limit even if negotiation or mediation has not occurred, but the arbitrator must require the parties to participate in at least one mediation session before issuing an award.

29. Reuse of Documents. All documents and electronic files delivered to the City are instruments of service in respect of the project. Nevertheless, all documents and electronic files delivered to the City shall become property of the City upon completion of the work and payment in full of all monies due the Consultant. Copies of the City-furnished data that may be relied upon by the Consultant are limited to the printed copies (also known as hard copies) that are delivered to the Consultant. Files on electronic media of text, data or graphics or of other types that are furnished by the City to the Consultant are only for convenience of the Consultant. Any conclusion of information obtained or derived from such electronic files will be at the user's sole risk. Economic benefit to the City for having these files is predicated on the files being media form, software release number and hardware operating system number as utilized by the Consultant. Copies of documents that may be relied upon by the City are limited to the printed copies (also known as hard copies) that are signed or sealed by the Consultant. Files on electronic media of text, data or graphics or of other types that are furnished by the Consultant to the City shall be in a compatible software format for use by the City. Any conclusions or information obtained or derived from such electronic files will be at the user's sole risk.

30. Freedom of Information Act. The Consultant acknowledges that the City may be required from time to time to release records in its possession by law. The Consultant hereby gives permission to the City to release any records or materials received by the City as it may be requested to do so as permitted by the Freedom of Information Act, MCL 15.231 *et seq.* Provided, however, that the Consultant shall not be held liable for any reuse of the documents prepared by the Consultant under this Agreement for purposes other than anticipated herein.

31. Digital Signatures. The parties hereto acknowledge and agree under the Uniform Electronic Transactions Act, MCL 450.832, *et seq.* that this Agreement may be executed with the electronic signature of any person authorized and required to sign on behalf of the parties hereto.

32. Execution in Counterparts. This Agreement may be executed in counterparts, each of which shall be an original and all of which shall constitute the same instrument.

33. No Waiver. No waiver by any party of any default by another party in the performance of any portion of this Agreement shall operate or be construed as a waiver of any future default, whether like or different in character.

34. Entire Agreement. This Agreement, together with all items incorporated herein by reference, constitutes the entire agreement of the parties and there are no valid promises,

conditions or understandings which are not contained herein. It is understood that should the Consultant recommend further work concerning the project, the City is under no obligation to engage the Consultant in such work.

35. Authority to Execute. The parties agree that the signatories appearing below have the authority and are duly authorized to execute this Agreement on behalf of the party to this Agreement.

36. Iran Economic Sanctions Act. The Consultant certifies that it is not an Iran linked business as defined under the Iran Economic Sanctions Act (MCL 129.311 et seq) and will not, during the performance of this Contract, violate the provisions of the Iran Economic Sanctions Act, as amended.

SAMPLE

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date and year first above written.

APPROVED AS TO SUBSTANCE:

CITY OF TRAVERSE CITY
