INDEPENDENT AUDITORS' REPORT

December 4, 2019

Members of the Board
City of Traverse City Downtown Development Authority
Traverse City, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the City of Traverse City Downtown Development Authority (the Authority), a Component Unit of the City of Traverse City, Michigan, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the City of Traverse City Downtown Development Authority, as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 7 and the information on pages 21 through 24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 4, 2019 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Authority's internal control over financial reporting and compliance.

Urodeuxeld Haefner LLC

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

Management's Discussion and Analysis

As management of the *Downtown Development Authority* (the "Authority"), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended June 30, 2019.

Financial Highlights

- The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$3,160,946 (*net position*).
- The Authority's total net position increased by \$394,019.
- As of the close of the current fiscal year, the Authority's governmental funds reported combined ending fund balances of \$2,301,989 an increase of \$436,765 in comparison with the prior year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Authority's assets and liabilities with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Authority that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The Authority's governmental activity is economic development. The Authority has no business-type activities.

The government-wide financial statements include only the Authority itself. The Authority has no legally separate component units for which the Authority is financially accountable.

The government-wide financial statements can be found on pages 7-8 of this report.

Fund Financial Statements

A *fund* is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The Authority, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Authority only has governmental funds. The Authority does not maintain enterprise or fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Authority maintains three individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for all three funds; the General Fund, TIF 97 and Old Town TIF Special Revenue Funds, each of which are considered to be major funds. The governmental funds financial statements can be found on pages 9-12 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 13-19 of this report.

Other Information

The Authority adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison schedules have been provided as required supplementary information to demonstrate compliance with those budgets.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Authority, assets exceeded liabilities by \$3,160,946 at the close of the most recent fiscal year.

Downtown Development Authority's Net Position			
June 30			
		2019	2018
Governmental Activities			
Current assets		\$ 5,997,296	\$ 2,945,118
Non Current assets		120,756	-
Total Assets		6,118,052	2,945,118
Long-term liabilities		66,799	46,028
Other liabilities		2,890,307	132,163
Total Liabilities		2,957,106	178,191
Net Position			
Net investment in capital		120,756	-
Restricted		2,544,285	2,321,889
Unrestricted		495,905	445,038
		\$ 3,160,946	\$ 2,766,927

The Authority's net position reflects its restricted net position for future expenditures within the guidelines of the tax increment finance district plans and unrestricted net position, which may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Authority is able to report positive balances in both categories of net position.

The Authority's net position increased by \$394,019, key highlights are as follows:

- The increase in net position for 2019 compared to an increase of \$244,667 in 2018. Charges for services increased by approximately \$76,000 and property taxes increased by approximately \$200,467 due in large part to a significant increase in the captured value of the TIF 97 plan and 2019 being the second year of capture for the Old Town TIF plan. The Authority also had \$117,000 in new operating grants for the year. The total expenses increased by approximately \$472,000, with an increase in professional services related to the operating grants, and the first year for the Old Town TIF contributing significant amounts (\$356,000) to city construction projects contributing to the increase.

Downtown Development Authority's Changes in Net Postion			
June 30			
		2019	2018
Governmental Activities			
Program revenues			
Charges for services		\$ 767,341	\$ 691,091
Operating grants		145,077	10,000
Capital grants		-	-
General revenues			
Property taxes		2,620,259	2,419,792
Unrestricted investment earnings		732	563
Total Revenue		3,533,409	3,121,446
Expenses			
Economic development		3,139,390	2,876,779
Change in net position		394,019	244,667
Net position beginning of year		2,766,927	2,522,260
Net position end of year		\$ 3,160,946	\$ 2,766,927

Financial Analysis of the Government's Funds

As noted earlier, the Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Authority's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Authority's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the Authority's governmental funds reported combined ending fund balances of \$2,301,989, an increase of \$436,765, in comparison with the prior year. \$1,739,285 is restricted and available only for spending for the benefit of the applicable TIF district.

The General Fund is the chief operating fund of the Authority. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$554,383. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 46 percent of total General Fund expenditures. During the current fiscal year, the fund balance of the Authority's General Fund increased by \$59,369 compared to an anticipated decrease of \$(73,276). The change in fund balance was attributed to actual expenditures being under the amended budget by approximately \$56,000, and actual revenues received being over the budget by approximately \$75,000.

The TIF 97 Special Revenue Fund had a fund balance of \$1,739,285, which increased \$556,327 although anticipated to increase \$122,747. This difference was attributed to larger than anticipated Brownfield reimbursements related to the parking deck debt payments and actual expenditures being under budget because of the timing of construction projects the district has committed funding to.

The Old Town TIF Special Revenue Fund has a fund balance of \$-0-, a decrease of \$178,931, slightly higher than the anticipated \$169,105 decrease. While contributions to district projects were lower than budgeted, a budgeted operating transfer was not made during the year.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the Authority's budget for the 2019-20 fiscal year:

- Through a contract with the City of Traverse City, the Authority manages the Traverse City Parking Services. For fiscal year end June 30, 2020, the Authority budgeted an increase in the autoparking administrative reimbursement of \$157,000 to reflect increased staffing projections.
- Various capital improvements are planned in the TIF 97 Funds for the 2019-20 fiscal year including Uptown/West Front Riverwalk, West Front, Cass and Park Streets Bridge Replacements, Lower Boardman River Access and Traffic Signal Arm Mast Replacement
- A \$65,000 payment to the Downtown WiFi project will be made by TIF 97 annually through 2024.
- The Old Town TIF captured taxes for the second time during fiscal year end June 30, 2019. Future projects being considered for Old Town TIF contributions include, South Cass and Eighth Street Bridge Replacements.

Requests for Information

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Authority's Executive Director, 303 State Street, Traverse City, Michigan.

**CITY OF TRAVERSE CITY
DOWNTOWN DEVELOPMENT AUTHORITY
(A Component Unit of the City of Traverse City, Michigan)**

**Notes to Financial Statements
For the Year Ended June 30, 2019**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity - The Downtown Development Authority (the "Authority"), a discrete component unit of the City of Traverse City (the "City"), was created in September 1978 by the City Commission pursuant to Act No. 197 of the Public Acts of 1975 of the State of Michigan. It operates through a Board of Trustees (the "Board") consisting of the Mayor of the City of Traverse City and eleven members approved by the City Commission. The purpose of the Authority is to correct and prevent deterioration of the Downtown Development District, encourage historic preservation, create and implement development plans, and promote economic growth.

The Authority is a component unit of the City because the City appoints the Authority's Board of Directors, it has the ability to significantly influence the Authority's operations and it is financially accountable for the Authority as defined under GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statements No. 39 and No. 61. Accordingly, the Authority is presented as a discretely presented component unit in the City's financial statements.

Government-wide and Fund Financial Statements – The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Authority. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services. The Authority has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation – The government-wide financial information is reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the years for which they are levied.

CITY OF TRAVERSE CITY
DOWNTOWN DEVELOPMENT AUTHORITY
(A Component Unit of the City of Traverse City, Michigan)

Notes to Financial Statements
For the Year Ended June 30, 2019

Governmental fund financial information is reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectable within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service and compensated absences expenditures are recorded only when payment is due. Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The Authority reports the following major governmental funds:

The *General Fund* is the Authority's primary operating fund. It accounts for all financial resources of the Authority, except those required to be accounted for in another fund.

The *TIF 97 and Old Town TIF Special Revenue Funds* account for financial resources that are legally restricted for activities within specific districts of the Downtown Development Authority.

Capital Assets – The Authority has capitalized one asset, a parcel of land purchased by the Authority for which it holds legal ownership. Infrastructure assets (e.g., roads, bridges, curbs, sidewalks, storm sewers and similar items), along with water and wastewater subsystems, constructed by the Authority are not recorded as the Authority's capital assets, even though the Authority may be obligated to repay the debt issued to finance the related projects. Such capital assets become the property of the City when they are placed into service and, accordingly, are then reported as the City's capital assets.

Deferred outflows/inflows of resources – In addition to assets, the statement of net position and the governmental funds balance sheet, when applicable, will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position/fund balance that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the Authority does not report deferred outflows of resources.

In addition to liabilities, the statement of net position when applicable will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position/fund balance that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then. Currently, the Authority reports deferred inflow of resources for unavailable revenue related to a long-term

DOWNTOWN DEVELOPMENT AUTHORITY
(A Component Unit of the City of Traverse City, Michigan)**

**Notes to Financial Statements
For the Year Ended June 30, 2019**

commitment from the Grand Traverse County Brownfield Authority.

Accrued compensated absences - Employees are granted vacation and sick leave in varying amounts based on length of service. Sick leave accumulates and is paid to employees at the time of retirement at one-half of total days accumulated up to a maximum of 120 days (60 paid days). The estimated amount due to employees as of June 30, 2019 is accrued in the government-wide financial statements.

Fund Balance – In the fund financial statements, governmental funds report nonspendable fund balance for amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Restricted fund balance is reported when externally imposed constraints are placed on the use of the resource by grantors, contributors, or laws or regulations of other governments. Committed fund balance is reported for amounts that can be used for specific purposes pursuant to constraints imposed by formal action of the Authority’s highest level of decision making authority, the Authority’s Board of Directors. A formal resolution by the Authority’s Board of Directors is required to establish, modify or rescind a fund balance commitment. Assigned fund balance is reported for amounts intended for specific purposes expressed and assigned by the governing body. Unassigned fund balance is the residual classification for the General Fund.

Net Position and Fund Balance Flow Assumptions – Sometimes the Authority will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position/fund balance and unrestricted – net position/fund balance, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government’s policy to use restricted resources first, then unrestricted resource as they are needed. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

2. CASH AND CASH EQUIVALENTS

Michigan Compiled Laws, Section 129.91 authorizes the local governmental unit to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations which have an office in Michigan. The Authority is allowed to invest in bonds, securities, and other direct obligations of the United States or any agency or instrumentality of the United States; United States government or federal agency obligations; repurchase agreements; bankers’ acceptance of United States banks; commercial paper rated within the two highest classifications which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan.

**CITY OF TRAVERSE CITY
DOWNTOWN DEVELOPMENT AUTHORITY
(A Component Unit of the City of Traverse City, Michigan)**

**Notes to Financial Statements
For the Year Ended June 30, 2019**

The Authority's deposit and investment policy is in accordance with statutory authority.

The Authority's cash and cash equivalents are cash on hand and demand deposits with a bank. The Authority's cash and cash equivalents are comprised of bank deposits with a balance of \$5,071,849 and petty cash of \$298 at June 30, 2019.

Custodial credit risk - deposits

Custodial risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned. The State does not require and the Authority has not adopted a policy regarding custodial credit risk. The above deposits were reflected in the accounts of the bank (without recognition of checks written but not yet cleared, or of deposits in transit) at \$5,122,805. The Federal Deposit Insurance Corporation insured \$250,000 and the remainder of \$4,872,805 is uninsured and not collateralized.

3. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable are related to vendors and construction projects and includes \$481,211 due to the City of Traverse City related to contributions the DDA has committed for TIF eligible construction projects and \$168,205 due to the City for tax administration fees. Accrued liabilities in the governmental activities consist of 44 percent accrued payroll liabilities, and 56 percent deposits payable.

4. RECEIVABLES / UNAVAILABLE REVENUE

The General Fund reports \$2,229 of receivables from the City of Traverse City related to event administration services. Governmental funds reported unavailable revenue in connection with receivables that are not considered to be available to liquidate liabilities of the current period. This unavailable revenue consists of taxes that will be captured in the future by the Brownfield tax districts to reimburse the Authority for costs incurred in this and past fiscal years for economic development. At the end of the current fiscal year, the various components of unavailable revenue amounted to \$805,000.

5. INTERFUND PAYABLES AND RECEIVABLES

Expenses payable from the TIF 97 special revenue funds to the General Fund at June 30, 2019 netted to \$48,290. In addition, \$3,500 is due from the Old Town TIF fund to the General Fund for reimbursement of vendor payments made by the General Fund. The General Fund also reports \$11,969 as due to TIF 97 to correct posting errors.

6. ACCRUED COMPENSATED ABSENCES

Changes in accrued compensated absences consist of the following:

	<u>Balance</u> <u>07/01/18</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>06/30/19</u>	<u>Due</u> <u>Within</u> <u>One Year</u>
Accrued compensated absences	\$58,297	\$ 26,754	\$ 18,252	\$66,799	\$ _____ -

Compensated absences are liquidated by the General Fund.

7. COMMITMENTS

The 2019 City of Traverse City Downtown Development Tax Exempt Refunding Bonds are reported on the City of Traverse City financial statements. The Authority has pledged tax increment revenues for the payment of these bonds. The City has pledged its limited tax full faith and credit for the payment of the principal and interest on the bonds. The following are the obligations, including interest, expected to be paid from the collection of tax increment revenues in the Tax Increment Financing and Development Plan No. 97.

<u>Fiscal Year</u> <u>End</u>	<u>Amount</u>
2020	\$ 859,523
2021	893,586
2022	931,504
2023	973,160
2024	953,440
2025-28	<u>3,396,376</u>
Total	<u>\$ 8,007,589</u>

The Authority has agreed to assist in the funding of various City construction projects in the DDA district that were still in progress as of June 30, 2019. Accounts payable has been recorded for eligible construction costs that were incurred through June 30, 2019. Additional commitments include approximately \$50,000 for the West Front Street signal purchase using TIF 97 captured funds, \$252,000 for East Front Streetscape – Boardman to Grandview by TIF 97, \$140,000 for Park Street Bridge repair by TIF 97, \$147,000 for Eighth Street Bridge repair by Old Town TIF, \$203,000 for West Front Bridge replacement by TIF 97, \$25,000 for Uptown/West Front River Walk from TIF 97 and \$50,000 for Wellington Plaza Erosion from TIF 97. Many of these projects are in the initial planning stages and will likely take multiple years to complete with the TIF funds being used to reimburse eligible costs as they become available.

(A Component Unit of the City of Traverse City, Michigan)**

**Notes to Financial Statements
For the Year Ended June 30, 2019**

8. PROPERTY TAXES

The Authority's property taxes are levied each July 1 on the taxable valuation of applicable property located in the Districts of the Authority as of the preceding December 31, the lien date. Property taxes are payable without penalty and interest through July 31 and unpaid taxes become delinquent if not paid by March 1 of the succeeding year. Assessed values as established annually by the City, and subject to acceptance by the County, are equalized by the State at an estimated 50 percent of the assessed value. The taxable value for real and personal property for the Authority for the 2018 levy was \$168,653,222. The Authority's general operating tax rate for fiscal year 2018-19 was 1.7188 mills.

Property tax revenue for the TIF's, which are included in the Downtown Development Authority report, is derived pursuant to the tax increment financing development plans. The Old Town TIF tax increment financing development plan captured its first taxes during the fiscal year end June 30, 2018. Real and personal property taxes are levied and attach as an enforceable lien on properties located within the boundaries of the tax increment financing districts. The City bills and collects the taxes on behalf of the Authority. Delinquent taxes on ad valorem real property at March 1 are purchased and collected by Grand Traverse County. Collection of delinquent personal property tax remains the responsibility of the City of Traverse City. Property tax revenue is recognized when levied in the government-wide financial statements and in the fund financial statements to the extent that it results in current receivables.

Except for property taxes captured from local schools that exceed contractual obligations, the Authority is entitled to all taxes levied on property within the tax increment financing authority districts to the extent that the current taxable value exceeds the base year taxable value. The base year of initial properties was 1997 for TIF 97 and amounted to \$32,860,088. The base year on other properties is determined by the date of entry into the district. The fiscal year 2018-19 captured taxable values for TIF 97 was \$113,008,103. The base year of initial properties was 2017 for Old Town TIF and amounted to \$45,424,382. The base year on other properties is determined by the date of entry into the district. The fiscal year 2018-19 captured taxable values for Old Town TIF was \$55,194,735.

9. ADMINISTRATIVE SERVICES REVENUE

The Authority entered into two contracts, one from September 1, 2017 to August 31, 2018 and another from September 1, 2018 to August 31, 2019 with the Downtown Traverse City Association (a non-for-profit organization). The Authority provides office space and administrative services to the association for an annual fee of \$66,043.

The Authority entered into a contract on June 19, 2003 with the City of Traverse City in which the Authority will operate and manage the Traverse City Parking Services for an annual fee. The fee of \$596,000 is billed monthly at \$49,667.

**CITY OF TRAVERSE CITY
DOWNTOWN DEVELOPMENT AUTHORITY
(A Component Unit of the City of Traverse City, Michigan)**

**Notes to Financial Statements
For the Year Ended June 30, 2019**

The Authority's General Fund is reimbursed an administrative fee for indirect cost from the TIF 97 Fund as approved in the budget. The fee assessed is .2% of the TIF district's total taxable value. The Old Town TIF also reimburse the General Fund at .05% of the districts total taxable value. The revenue recorded in the General Fund and expenditures in the TIF Fund are eliminated in the government wide financial statements. Income from the administrative fee for the year ended June 30, 2019 was \$254,195.

10. RISK OF LOSS

The Authority is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority is covered for these risks via the Michigan Municipal Liability and Property Pool, Michigan Municipal Workers Compensation Insurance Fund and commercial health insurance. There has been no significant reduction in insurance coverage from the prior year and settlements have not exceeded insurance coverage for the past three fiscal years.

11. DEFERRED COMPENSATION PLAN

The Authority sponsors the Traverse City Downtown Development Authority Deferred Compensation Plan created in accordance with the Internal Revenue Code Section 457. The administrator of the plan is ICMA Retirement Corporation. The plan is available to all employees. The employer matches participant contributions up to 6% and will provide a minimum of 4% no matter the participant contribution. Plan provision and contribution requirements can only be amended by authorization of the Board of Directors. In fiscal year 2019 the Authority contributed \$47,050 and the employees contributed \$33,843 to this plan.

12. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Michigan law provides that a local unit shall not incur expenditures in excess of the amount appropriated. In the body of the financial statements, the Authority's actual expenditures and budgeted expenditures for the budgeted funds have been shown on an activity level. The approved budgets of the Authority for these budgeted funds were adopted at the fund level.

During the year ended June 30, 2019, the Authority incurred expenditures in the Downtown Development Authority fund which were \$134,431 in excess of the amounts appropriated.

Notes to Required Supplementary Information

1. BUDGETARY INFORMATION

The general and special revenue funds are under formal budgetary control and their budgets are prepared on the same modified accrual basis of accounting used to reflect actual results. The Authority follows the City's budget process in establishing the budgetary data reflected in the financial statements:

- The Authority submits a proposed budget to the City Manager. After review and approval, the City Manager submits a recommended operating budget to the City Commission. Public hearings are held to obtain taxpayer comments. The budget is legally adopted through a City Commission resolution prior to the beginning of the budgetary year for the Authority's funds. The budget is then adopted by the Authority's Board.
- The budget is adopted on a basis consistent with generally accepted accounting principles. Budgeted amounts are as originally adopted or amended by the City Commission during the year.
- The budget document presents information by fund, function and activity. The legal level of budgetary control adopted by the governing board is the fund level, which is the level at which expenditures may not legally exceed appropriations.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

December 4, 2019

Members of the Board
City of Traverse City Downtown Development Authority
Traverse City, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the City of Traverse City Downtown Development Authority (the Authority), a Component Unit of the City of Traverse City, Michigan, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated December 4, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Orlando Haefner LLC
