

## FIRE HYDRANT FLOW TEST REQUEST FORM

---

The City of Traverse City may provide specific fire hydrant flow and pressure data when available. If this data is either outdated or unavailable, fire hydrant flow tests may be requested. Generally, a fire hydrant flow test will produce static pressure, a residual pressure, and an available flow rate. To request this information, please complete the information below.

If a fire hydrant flow test is requested, this test can be scheduled with the Water/Sewer Maintenance Department for a fee of \$175. Please deliver this completed request form to the Water/Sewer Maintenance Building located at 604 Hannah Avenue, Traverse City, MI 49686 or email it to [jstout@traversecitymi.gov](mailto:jstout@traversecitymi.gov). Once the request form has been submitted, please mail or deliver your payment of \$175 to 400 Boardman Avenue, Traverse City, MI 49686, or call (231) 922-4431 to pay over the phone with a credit card. Once payment is received, the Water/Sewer Maintenance Department will schedule the flow test at its earliest convenience. The results of the test will be made available to the petitioner as they become available via email.
