Issued: February 27, 2026

Sewer Lining Project
Overnight Work on Cedar and Bay Streets

Traverse City – Residents and businesses should be aware that the City’s contractor, Insituform, will conduct a segment of sewer lining on Cedar Street between Sixth and Seventh Streets, and on Bay Street between Spruce and Oak Streets.

Cedar Street work activities are anticipated to begin on March 2, 2026. Bay Street work activities are anticipated to be March 3 – 6, 2026. Work will be conducted overnight.

This work will generate dust and noise, and may cause disruptions to pedestrian, bicycle, and vehicular traffic with intermittent lane closures. Appropriate signage will be in place, and access to all homes and businesses will be maintained at all times. If possible, please use alternate routes avoiding this area to reduce congestion, delay, and promote worker safety.

We would like to thank you in advance for your patience and cooperation. Please contact the Water/Wastewater Maintenance Division at (231) 922-4923 x 2 if you have any questions or concerns regarding the work.
